

REMEMBERING SCHOOL TRIP

Saturday, Jan. 23, instead of having regular classes, we went on a school trip for all students. Sponsored and organized by the United Poles in America board of directors, the trip was a reward for students.

Because of high interest in the trip by adults, five school buses were rented to transport everyone participating. We gathered in front of the Z.P.A. headquarters and left at 8:30 a.m.

This year, we went to see a fabulous show, „DISNEY ON ICE,” in East Rutherford, N.J.

Teachers, class mothers, parents, as well as the members of the board, gladly chaperoned school children.

Luckily, everything went great — no one got lost, no one was late — and we got back to the headquarters in Perth Amboy just in time for some tasty pizza. After the meal, everyone left for home with a smile.

We will long remember the great show and the trip. Who wouldn't!?

On behalf of our school, I'd like to thank the Z.P.A. board of directors for organizing the trip, all teachers, the school administrator, and everyone who made the trip a success. Special thanks to the class mothers and parents who took care of all children. Thank you for creating a friendly atmosphere that accompanied us through the entire trip.
